

BIG BLON' BABY – JERRY LEE LEWIS (A#)

Wailin' on the corner like an ol' tomcat
Shoutin' and a-shakin' almost off my bat
Who walks by, me oh my
Jumpin' Jehoshaphat big blon' baby

Yesterday she flipped me, she was so divine
Fell right down and begged her to be mine all mine
Held her tight, good night
Jumpin' Jehoshaphat, big blon' baby

Big blon' baby - ooh, glory be - here I go
Big blon' baby - now I know I love her so

I shiver and I quiver when she kisses me
Please just tell I'm hollering, I've got so deep
Love some man, like no one can
Jumpin' Jeshosaphat, big blon' baby

SOLO - GITAAR

Oh, big blon' baby - ooh, glory be
Big blon' baby - now I know it's got to be

Well ah, she broke down that quiver when she's kissin' me
Please just tell I'm hollering, I've got so deep
Love some man, like no one can
Jumpin' Jeshosaphat, big blon' baby
